**Contract HD-91-6A**

25X1

1. Certain of the electronics items developed under subject contract were found suitable for other applications. Subsequently, [redacted] was requested to deliver ten of these items to fulfill an urgent operational requirement. The attached receiving report, No. 7569157 indicates that these units were brought into stock as a portion of the deliverable items of the contract.

25X1

2. Attached Requisition No. 913-16-196-57 indicates these units were immediately withdrawn from stock and were delivered as a GFE item to Hans-Woodbridge Corporation for use in conjunction with a project they are currently doing for this Division.
